

**Name:** \_\_\_\_\_

**Lab section:** \_\_\_\_\_

**In Class Exercise 1 -- Histology: due upon completion of your lab.**

1. Complete the table below with information for each specific tissue -- use your manual and a microscope.

<b>Tissue name</b>	<b>Location</b>	<b>Function</b>	<b>Drawing</b>
Simple squamous epithelium			
Simple columnar epithelium			
Stratified squamous epithelium, non keratinized			
Loose areolar connective tissue			
Dense regular connective tissue			
Smooth muscle			
Hyaline cartilage			
Bone			
Cardiac muscle			

2. Mini lab practical: identify the tissues located at each station.

a. \_\_\_\_\_

b. \_\_\_\_\_

c. \_\_\_\_\_

d. \_\_\_\_\_

e. \_\_\_\_\_
