

Laboratory Exercise 2: List of cat arteries and veins

Cat arteries

Aortic arch

- Brachiocephalic artery
 - Left common carotid artery
 - Right subclavian artery
 - Right common carotid artery
 - Right axillary artery
- Left subclavian artery
 - Left axillary artery

Thoracic aorta

Abdominal aorta

- Celiac trunk
- Superior mesenteric artery
- Inferior mesenteric artery
- Renal artery
- Right/left external iliac arteries
 - Femoral arteries
- Internal iliac artery

Cat veins

Pulmonary trunk

Superior vena cava

- Right/left brachiocephalic veins
 - Right/left external jugular veins
 - Transverse facial vein
 - Right/left anterior facial vein
 - Right/left anterior facial vein
 - Right/left subclavian veins
 - Right/left subscapular veins
 - Right/left axillary veins

Inferior vena cava

- Renal veins
- Right/left common iliac veins
 - Right/left external iliac veins
 - Right/left femoral veins
